

Introduction

India Chapter of National Lubricating Grease Institute (NLGI-IC) came into existence in 1997. NLGI-IC has its headquarters at Indian Oil R&D Centre. Prime objective of NLGI-IC is to share information among members on Grease Industry related advancements. There are at present 15 corporate members to this society represented by leading oil companies from PSU as well as private sector, input suppliers, manufacturers, etc. Since its inception, NLGI-IC has organised 17 education courses at various locations of India for the benefit of variety of industries. These courses are popular among industries using lubricating greases.

Education Courses

To educate and train people dealing with grease lubrication viz. manufacturers, users, input / equipment suppliers, etc., NLGI-IC organised 17 education courses covering different aspects of lubrication in number of industries such as Automotive, Steel Plants, Cement Plants, Textile, Mining, Pharmaceutical, etc.

- 1st Grease Education Course on “Basics of Lubricating Greases” was organised in May, 1999 at Mumbai.

- 17th Grease Education Course on “Automotive Greases” was organised at Radisson Blu, Rudrapur (see photograph above) during June 25-26, 2015, where 24 delegates participated.

NLGI-India Chapter announces

18th Education Course On “Lubricating Greases for Steel Industry” September 22-23, 2016 at Fortune Park Centre Point, Jamshedpur

Based on the feedback received from the previous education courses and decisions taken by the board, the 18th Education Course will be organised as per the details given above. Well known experts available in the country will be sharing their experience and expertise with the participants. This will be a unique opportunity to interact with the experts and the participants may also discuss their industry related specific grease issues, if any.

The following topics have been planned to be covered:

(a) Overview of Lubricants and Lubrication in Steel Plants, (b) Basics of friction wear and lubrication, (c) Fundamentals of lubricating greases, (d) High performance greases for steel industry, (e) Physicochemical evaluation of lubricating greases, (f) Tribotesting, (g) Base oils & additives, (h) Synthetic Lubricants and their importance, (i) Application, Selection, Storage and Handling of disposal of greases, (j) Environmental issues related to lubricants & greases and possible solutions, (k) Case studies and condition monitoring.

Participants are also requested to present their field problems for the benefit of all. Besides classroom training, a guided visit to Industry / laboratory is also on cards.
