

Introduction

India Chapter of National Lubricating Grease Institute (NLGI-IC) came into existence in 1997. NLGI-IC has its headquarters at IndianOil R&D Centre. Prime objective of NLGI-IC is to share information among members on Grease developments & applications related advancements. 15 corporate members from PSU oil companies and major private sectors, input suppliers, manufacturers, etc are the members of NLGI-IC. Since its inception, NLGI-IC has organised 19 education courses at various locations of India for the benefit of various industries. These education courses are popular among industries that are using lubricating greases.

Education Course

To educate and train people dealing with grease lubrication viz. manufacturers, users, input / equipment suppliers, etc., NLGI-IC organised 19 education courses covering different aspects of lubrication in number of industries such as Automotive, Steel Plants, Textile, Mining, Pharmaceutical, etc.

- 1st Grease Education Course on “Basics of Lubricating Greases” was organised in May, 1999 at Mumbai.

- 19th Grease Education Course on “Greases for Cement Industry” was organised at RTC, JK Cement, Chittorgarh during September 25-26, 2017, where around 45 delegates participated.

NLGI-India Chapter announces

20th Education Course On

“Greases for Steel and Allied Industries”

September 25-26, 2018 at
Durgapur

Based on the feedback received from the previous education courses and decisions taken by the NLGI-IC board, the 20th Education Course will be organised as per the details given above. Well known experts available in the country will be sharing their experience and expertise with the participants. This will be a unique opportunity to interact with the experts and the participants may also discuss their industry related specific grease issues, if any.

This **Education Course** will cover the following topics:

- (a) Overview of Steel & Allied Industries Lubrication,
- (b) Basics of friction wear and lubrication,
- (c) Fundamentals of lubricating greases,
- (d) High performance greases for Steel & Allied industries,
- (e) Physicochemical evaluation of lubricating greases,
- (f) Tribotesting of greases
- (g) Base oils & additives,
- (h) Application, Selection, Storage and Handling of disposal of greases,
- (i) Environmental issues related to lubricants & greases and possible solutions,
- (j) Case studies and condition monitoring.

Participants are also requested to present their field problems for the benefit of all participants. If any participant would like to present the case study, please send the details in advance for making suitable slot. Besides classroom training, a guided visit to Industry / laboratory is also planned.
